

# xP1200

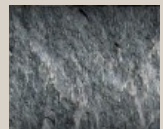

## Medium-Heavy Range

### Productivity (mq in 8 hours)

Hard rock, Compact basalt, Limestone.  
**110min / 300max**

Medium-hard rock, Slate, Non-omogeneous granite.  
**130min / 380max**

Concrete non reinforced stratified limestone, tuff.  
**220min / 520max**

## Technical Specification

Working weight	1200 Kgs
Carrier's weight min/max	14/20 ton
Total height	2500 mm
Tool diameter	120 mm
Useful length of standard tools	550 mm
Oil flow min/max	100/130 l/min
Working pressure min/max	165/175 bar
Blows per minute	339/718 1/min
Impact energy	4496 joule

## Size Compatibility

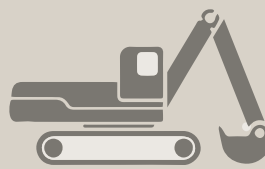

MINI LOADER

BACKHOE LOADER

COMPACT EXCAVATOR

CRAWLER EXCAVATOR

WHEELED EXCAVATOR
